

Grant Application Edits Since June 9th, 2017:

- i. Grammatical, clarifying, and formatting edits:
 - a. As with the Request for Proposals, there are several edits in the revised document that were purely grammatical, clarification, or formatting edits, to clean up the documents for readability and clarity.
- ii. Cover Page Edits
 - a. Minor edits were made to the cover page for clarification and to capture additional information in the cover page.
- iii. Page Limits
 - a. Clarified and added page limits for Sections I and III of the Grant Application.
- iv. Community Support, Involvement, and Benefits
 - a. Added a question around community support for the project, and the extent to which the project has included community engagement and input, and provides tangible community benefits.
- v. Section II. Preliminary Budget and Schedule
 - a. Added columns to capture costs per year, (the final Application will have an excel sheet for this section to make adding these costs easier).
 - b. Added language around project management and overhead costs.
 - c. Added a space to include and explain contingency costs.
 - d. Added a space to explain other funds for the project.
