ADDITIONAL INFORMATION

Endorsing Organizations

The Trust for Public Land and The Nature Conservancy are heading up campaign committees, each of four organizations. They report the following have officially endorsed the Park Bond:

Bear Yuba Land Trust
Bruce Saito
California Outdoor Recreation Partners
California Park & Recreation Society
California State Parks Foundation
Californians Against Waste
Endangered Habitats League
Environmental Defense Fund
The Escondido Creek Conservancy
Friends of the LA River
Groundwork Richmond
John Gioia
Town of Mammoth Lakes
Natural Heritage Institute
Placer Land Trust
Save The Bay
Sempervirens Fund
Sierra Business Council
Sierra Cascade Land Trust Council
Surfrider Foundation
Truckee Donner Land Trust
Tim Wendler
Environmental & Social Equity Investments
• $725 million for parks in park-poor neighborhoods

California's Outdoor Spaces
• $200 million for local park grants (grants based on population)
• $15 million for park and recreation grants for jurisdictions with a population of 200,000 or less
• $30 million for competitive grants to local park districts, open space districts, and open space authorities to create, expand, or restore parks ($5 million for projects in units of the state park system managed by non-profit organizations)
• $40 million for grants to local agencies that have approved local park revenue measures

State Parks, Natural & Cultural Legacy
• $218 million for existing state parks and improving public access to parks
  o $10 million for state parks enterprise projects
  o $5 million for local agencies that operate a unit of the state park system
  o $18 million for fairground facility improvements
  o $30 million for low cost state park accommodations
  o $25 million for state parks natural resource projects

Trails & Greenway
• $30 million for non-motorized infrastructure development and access improvements competitive grants (up to 25% for innovation transportation programs that expand outdoor experiences to disadvantaged youth)

Rural Recreation, Tourism, & Economic Enrichment
• $25 million for competitive grants to non-urbanized areas

Rivers, Creeks, & Waterways
• $162 million for river parkways and urban streams restoration
  o $37.5 million to Santa Monica Mountains Conservancy
  o $37.5 million for San Gabriel and Lower Los Angeles Rivers and Mountains Conservancy
  o $16 million for the Santa Ana Conservancy Program
  o $10 million to the Lower American River Conservancy Program
  o $3 million for the Los Gatos Creek and Guadalupe River
  o $3 million for the Russian River
  o $10 million for parkway along the Santa Margarita River
  o $5 million for Clear Lake
  o $10 million for the River Parkways Act of 2004
  o $10 million for Urban Streams Restoration Program to the Department of Water Resources
  o $20 million for parkway along the Los Angeles River

Ocean & Coastal Protection
• $175 million for coastal and ocean resource protection
  o $35 million for grants to protect ocean and coastal ecosystems
  o $30 million for low cost coastal accommodations
  o $85 million for protection of beaches, bays, wetlands, & coastal watersheds
  o $20 million for coastal forest watershed health
  o $5 million for estuarine lagoons and coastal wildlife areas

Groundwater Sustainability
• $80 million for groundwater cleanup

Clean Drinking Water and Drought Preparedness
• $250 million for clean and safe drinking water

Conservancies & Wildlife
• $30 million for projects that implement the Salton Sea Management Program
• $180 million to state conservancies
  o $6 million to Baldwin Hills Conservancy
  o $27 million to California Tahoe Conservancy
  o $7 million to Coachella Mountains Conservancy
  o $12 million for Sacramento-San Joaquin Delta Conservancy
  o $12 million to San Diego River Conservancy
  o $30 million to Lower Los Angeles River and Mountains Conservancy
  o $6 million to San Joaquin River Conservancy
  o $30 million to Santa Monica Mountains Conservancy
  o $30 million to Sierra Nevada Conservancy
  o $20 million to State Coastal Conservancy
• $137 million to the Wildlife Conservation Board, including $5 million for regional conservation investment strategies, $52 million for Natural Community Conservation Plan projects, and up to $10 million to the UC Natural Reserve System
• $200 million for voluntary settlement agreements
• $50 million for Dept. of Fish & Wildlife deferred maintenance
• $170 million to the California Natural Resources Agency for Salton Sea

Climate Preparedness & Habitat Resiliency
• $18 million for wildlife & natural systems conservation direct expenditures and grants
• $30 million to remove barriers to between habitat areas and increase connectivity, including $10 million for the California Waterfowl Habitat Program
• $25 million to restore rivers and streams in support of fisheries and wildlife, including $5 million for salmon and steelhead projects in Klamath-Trinity watershed
• $60 million to improve wildlife & fish passage, including $30 million for Southern California Steelhead habitat
• $60 million for upper watersheds protection in the Sierra Nevada and Cascades
• $30 million to improve conditions for fish and wildlife in streams
• $40 million for grants to assist coastal communities and fisheries with climate change adaptation, with 35% to the SF Bay Area Conservancy Program, and 12% to the West Coyote Hills Program
• $30 million for innovative farm practices that improve climate resilience
• $50 million for forest restoration & fire protection including hazardous fuel load reduction and management for wildfire and climate change, with at least 30% for urban forestry projects
• $40 million to state and local conservation corps for restoration & protection projects and equipment
• $60 million to restore natural, cultural, ethnic, and community resources, and convert fossil fuel plants to green space, with $20 million of this amount for multi-benefit “green infrastructure” benefiting disadvantaged communities

Flood Protection and Repair
• $550 million for flood protection and repair, including $350 million for flood protection, $100 million for stormwater, mudslide, and other flood-related protections, and $100 million for urban multibenefit flood projects

Regional Water Sustainability
• $290 million for regional water sustainability, including $50 million for groundwater sustainability planning
• $100 million for water recycling, including $20 million for agricultural operations to implement irrigation systems that save water
Short Summary of major programs in Water Supply and Water Quality Bond Act of 2018

**Safe drinking water and wastewater treatment for disadvantaged communities. $750 million.** Provides safe drinking water and wastewater treatment for disadvantaged communities, especially in the Central Valley.

**Wastewater recycling. $400 million.** Recycles wastewater mainly for landscaping and industrial uses.

**Groundwater desalination. $400 million.** Converts salty groundwater to usable water supply.

**Urban water conservation. $300 million.** Leak detection, toilet replacement, landscape conversion.

**Agricultural water conservation. $50 million.** Improves inefficient irrigation systems, increasing river flows.

**Central valley flood management, including flood plain restoration. $100 million.** Makes farms and communities more flood safe, and makes flood plains for habitat friendly. Additional $50 million for retrofit of a reservoir (probably Bullard’s Bar) for better flood management.

**San Francisco Bay Wetlands and flood improvements. $200 million.** Improves wetlands in San Francisco Bay to provide flood protection and mitigate sea level rise.

**Data management. $60 million.** Better data collection and management: streamflow, etc.

**Stormwater management $600 million for a variety of state agencies.** Capture and treatment of stormwater flows improved river and ocean water quality and increasing water supplies.

**Watershed Improvement $2355 million to a wide variety of state agencies.** Pays for better management of watersheds throughout the state to improve water quality and water supply. Includes $150 million for the Los Angeles River, as well as $100 million for the Delta Conservancy, which helps fund the governor’s Eco-Restore program. Includes $80 million for the removal of Matilija Dam, a silted-in dam in Ventura County. $200 million for ecological restoration and dust control at the Salton Sea. Watershed restoration after fires in the Sierra Nevada and elsewhere receives $100 million. Funds state conservancies and state parks to better manage watersheds.

**Land Management for Water Yield. $100 million.** Removal of invasive weeds which use excessive amounts of surface and groundwater such as tamarisk, yellow starthistle, and Arundo. Estimates of water savings are in excess of one million acre feet per year.

**Fisheries restoration. $400 million.** Restoring fish habitat. Supplements necessary streamflows.

**Groundwater. $675 million.** Implements the Sustainable Groundwater Management Act., stabilizing groundwater levels in overdraft groundwater basins.

**Water and specific habitat improvements for fisheries. $500 million.** Purchase of water for fish and waterfowl.
Completion of fish screens in Central Valley. $100 million. Will prevent baby fish from being diverted into irrigation systems.

San Joaquin River fisheries Restoration. $100 million. Restoration of Spring Run Chinook Salmon downstream of Friant dam.

Waterfowl habitat. $280 million. Helps meet waterfowl obligations under the Central Valley Project Improvement Act, and other waterfowl habitat improvement programs.

Bay Area Regional Reliability. $250 million. Improves interconnections between Bay Area water agencies, making it easier to survive droughts.

Improvement to Friant Kern Canal and other Friant water interconnections. $750 million. Restores lost capacity to Friant Kern Canal, pays for groundwater recharge programs, water conservation and possibly new water conveyance in the Friant area.

Oroville Dam Spillway Repair. $200 million. Makes Oroville Dam more flood safe.

The initiative also allows state and federal water contractors to recover the funds they pay in climate change charges due to implementation of AB 32, and use those funds in their own systems for water and energy conservation to reduce greenhouse gas emissions.
