

**Advisory Committee Conflict of Interest and
Document Review Confirmation Form**
(Revised January 2026)

The San Francisco Bay Restoration Authority Advisory Committee Procedural Document (revised October 14, 2022) includes a Conflict of Interest Policy for members of the Advisory Committee, stated as follows:

“Members of the Advisory Committee are not public officials of the Authority within the meaning of the California Political Reform Act. Therefore, Advisory Committee members do not have a conflict of interest under the California Political Reform Act when making recommendations for Authority actions even if such actions could affect their employers. However, to protect public confidence in Advisory Committee recommendations, Advisory Committee members shall follow these guidelines (the “guidelines”):

1. A member shall not review or evaluate a grant application submitted by their employer.
2. A member shall not participate in reviewing or evaluating grant applications responsive to a grant solicitation if their employer has submitted an application in response to that same solicitation.
3. A member shall not participate in a vote of the Advisory Committee concerning specific grant applications if the vote would affect a grant application submitted by a member’s employer.
4. A member who is aware of a future grant application that their employer is considering submitting should disclose this information when participating in discussions of Authority priorities.
5. Aside from the above restrictions, members may participate fully in Advisory Committee discussions, recommendations and votes regarding Authority priorities for grant solicitations and grant applications even if the member’s employer could apply or has applied for a grant.”

The guidelines include instances where an employer is or may be listed as a paid consultant.

I hereby promise to comply with the Conflict of Interest Policy for the Advisory Committee of the San Francisco Bay Restoration Authority during my service as a member of the Advisory Committee.

In addition, I hereby confirm that I have reviewed and will follow the rules and procedures described in the Advisory Committee Procedural Document (Revised October 2022) and the Advisory Committee Charter (Revised January 2026).
